

For wood decking, fences, garden furniture and pergolas

Characteristics

Floorservice Decking oil is quick and easy to use and penetrates deep into the wood. The natural oils maintain the health of the wood and prevent dehydration. It can also be used to freshen wood that has already been oiled. Sanding of previously oiled wood is not necessary. Odourless. Resistant to saliva and sweat in accordance with DIN EN 71, part 3.

Applications

Floorservice Decking oil is a high quality treatment for all kind of outdoor wood, such as wood deckings, play equipment, fences, stairs, garden furniture etc. Also ideally suited to exotic wood varieties such as Bangkirai.

Contains

castor oil, linseed oil, wood oil, modified natural resin-ester, iso-paraffin, mineral pigments, cobalt, zirconium and zinc as drying components.
